Colours and Materials

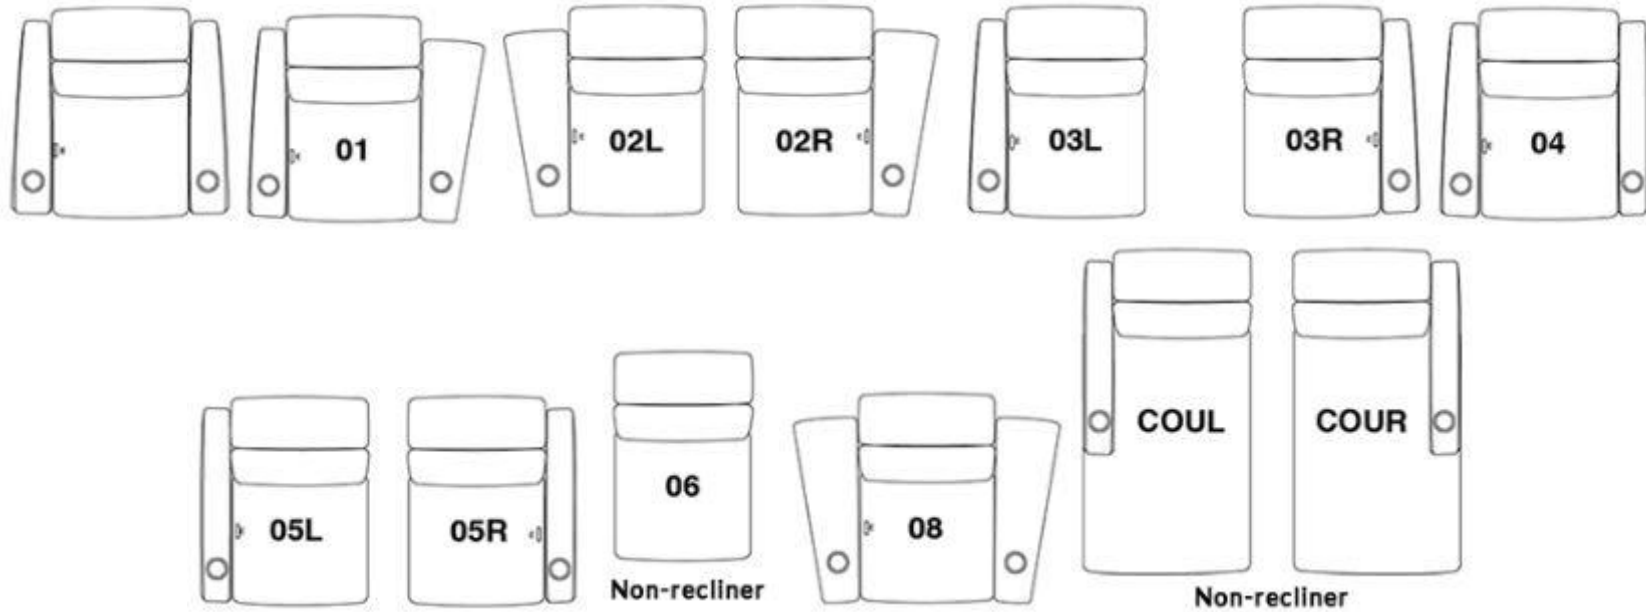

The FrontRow™ home cinema seating range is available in a wide variety of leathers and fabrics. The leather seating is finished in a top quality maintenance free leather which is available in an extensive range of colours to ensure it integrates into any décor. Sample swatches are available on request.

All the leathers used in FrontRow™ home cinema seating are dyed throughout (unlike some cheaper alternatives that are surface sprayed). This limits scratch marks should this happen.

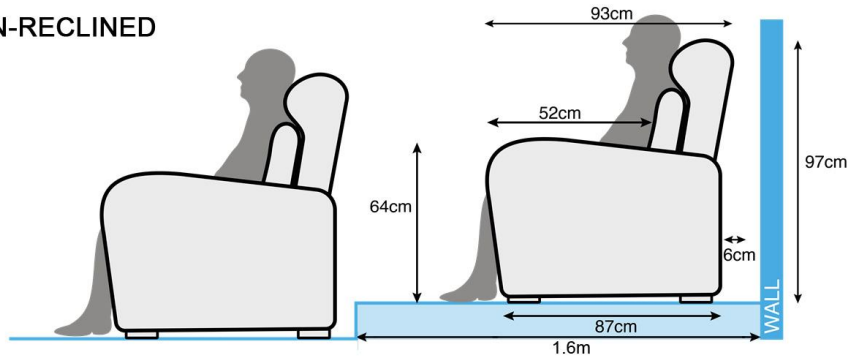

All seating combinations below have Electric Recline Mechanisms

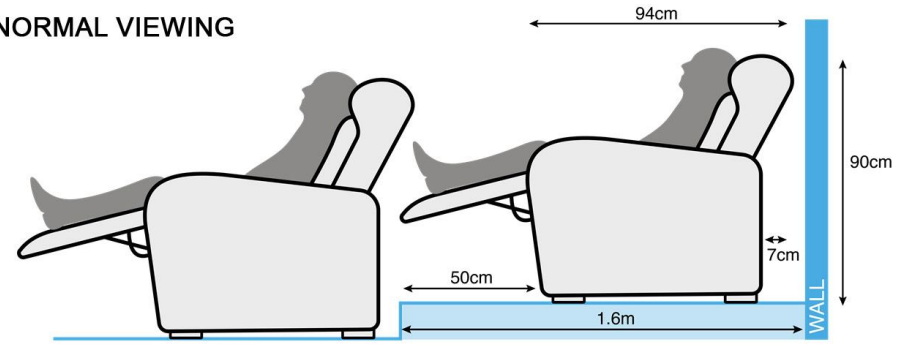

| Module Code | Width | Depth | Seat Depth | Overall Height | Seat Height | Weight |
|--------------|-------|----------|------------|----------------|-------------|--------|
| Single Chair | 95cm | 96-157cm | 55cm | 100cm | 46cm | 52Kg |
